Footnotes for Table CA04

- 1. Nonfarm personal income is total personal income less farm income.
- 2. Farm income is farm earnings less farm employer contributions for government social insurance.
- 3. Census Bureau midyear population estimates. Estimates for 2000-2008 reflect county population estimates available as of April 2010.
- 4. Per capita personal income is total personal income divided by total midyear population.
- 5. Contributions for government social insurance are included in earnings by type and industry, but they are excluded from personal income.
- 6. The adjustment for residence is the net inflow of the earnings of interarea commuters. For the United States, it consists of adjustments for border workers: wage and salary disbursements to

U.S. residents commuting to Canada less wage and salary disbursements to Canadian and Mexican residents commuting into the United States.

- 7. Rental income of persons includes the capital consumption adjustment.
- 8. Proprietors' income includes the inventory valuation adjustment and the capital consumption adjustment.
- • All dollar estimates are in current dollars (not adjusted for inflation).
